3 HTi SIGNS BUSINESS PARTNERSHIP AGREEMENT WITH MENTOR GRAPHICS

Mt. Laurel, NJ – August 22, 2011 – 3 HTi, LLC entered a business agreement with Mentor Graphics Corporation and added the **FloEFD™** products to the Company's portfolio of Product Lifecycle Management solutions.

3 HTi – Mentor Graphics Business Partnership

[3 HTi](http://www.3HTi.com), a fully integrated sales and service firm in the PLM marketplace, and an authorized PTC Channel Advantage Platinum Reseller, signed a business agreement with Mentor Graphics, an authorized PTC Software Advantage Partner, as a source for distribution in the sales and marketing in North America of the Mentor Graphics, **FloEFD™** product line. The Mechanical Analysis Division of Mentor Graphics provides simulation software and hardware solutions that enable users to eliminate mistakes, reduce costs, and accelerate and optimize designs involving heat transfer and fluid flow before physical prototypes are built.

Garry Hoffman, VP of Sales at 3 HTi states, "...our new business partnership to resell FloEFD, Mentor Graphics' CAD-embedded CFD product, broadens the 3 HTi product portfolio offering for PLM solutions to our customers, and adds a new element to our strategic marketing."

"As we continue to build our indirect sales channel, bringing on market leading partners is of the utmost importance. " said, Andy Farrington, Regional Director of Mentor Graphics" 3HTi is a leader in their space. We are excited to begin this partnership and expect mutual success with FloEFD."

Mentor Graphics FloEFD™ Features

FloEFD™ is part of a new breed of CFD tools called Concurrent CFD. **FloEFD™** is a full-featured general purpose CFD tool serving the needs of Creo, Pro/ENGINEER, Inventor, Solid Edge, SolidWorks as well as other popular MCAD systems. **FloEFD™** combines all simulation steps - starting with use 3D CAD data for model preparation, to mesh generation, solving and results visualization - in one easy-to-use package.

Concurrent CFD can reduce simulation time significantly in comparison to traditional CFD tools and enables users to optimize product performance and reliability while reducing physical prototyping and development costs without time or material penalties.

Combined with MCAD software, **FloEFD™** provides a powerful simulation tool to:

- Improve product performance, functionality and reliability
- Reduce physical prototyping and production costs
- Minimize risk of making design mistakes

About 3 HTi

3 HTi is a complete sales and service firm that provides a holistic solution in Product Life Cycle Management (PLM), and offers fully integrated, associative CAD/CAM/CAE software solutions to optimize the total design through the manufacturing process. 3 HTi services and support delivers a revolutionary experience to our customers while providing them with the knowledge and tools to reach their maximum productivity.

The 3 HTi 75+ team members have the ability to service customers at a level that is un-paralleled by other firms. The Company effectively blends specific expertise in the areas of people, processes and technology. 3 HTi offers a full line of services in the PLM market through software sales and maintenance, Windchill implementation services, hosting/contract administration, certified training services, engineering services and staff augmentation.

3 HTi is an authorized PTC Channel Advantage Platinum Reseller and provides a full line of PTC Software and complimentary solutions including Creo, Pro/ENGINEER, Relex, Arbortext, Mathcad, and Windchill. In addition, 3 HTi is the exclusive reseller of NCSIMUL in the United States, and is a reseller of Solido's SD300 Pro 3D desktop printer, and Moldex3D: Mold Design & Analysis, Thermal/Fluid Flow Simulation. 3 HTi now adds the Mentor Graphics FloEFD™ to its portfolio of PLM Solutions.
