Dear Friends:

On behalf of the State of New Jersey, I am pleased to congratulate 3 H Technology Institute on the celebration of its 10th anniversary.

Since its founding in 2002, 3 HTi has achieved a reputation for excellence in Product Life Cycle Management Software, Consulting and Staffing. By equipping other New Jersey businesses with the tools and resources necessary to succeed, 3 HTi has contributed to the economic vitality of our state. One of the goals of our Administration is to attract new companies to New Jersey while making our state's business climate more favorable to firms that are already located here. I thank 3 HTi for continuing to base itself in Mt. Laurel and commend its dedicated employees for their efforts to provide outstanding service to their customers.

Congratulations again on this milestone and best wishes for continued success.

Sincerely,
